OUR FOUNDERS

Late Mr. K.V. Mittal & Late Mr. Naveen Mittal

The Sugam Group was founded in 1987 by the Late Mr. K.V. Mittal and his son the Late Mr. Naveen Mittal. With more than 50 years of experience in the transportation domain, Mr. K.V. Mittal is considered a pioneer of the Indian Transport Industry. He was also a Co-founder and Director of Dooars Transport.

Both Mr. K.V. Mittal and Mr. Naveen Mittal built the companies from scratch to make it as one of the most recognized transport companies in India, Nepal and Bhutan all the while ensuring that the company's growth was aligned with its ethics & values.

Late Mr. K.V. Mittal
Co-founder

Late Mr. Naveen Mittal
Co-founder

Our Chairman and Managing Director Mr. Kaustubh Mittal

Mr. Kaustubh Mittal joined the group as a Whole-time Director in 2008 and assumed the position of the CMD in 2011. Under his leadership, Sugam has successfully grown and evolved from a conventional transportation company in the SAARC region to an end-to-end logistics solution provider across the globe.

Prior to joining Sugam, Mr. Mittal worked with the USD \$15 billion Larsen & Turbo group in their Offshore Oil & gas division for 3 years. He currently also serves as CMD of Anandmayee Forgings Pvt. Ltd., a steel forgings manufacturing company based in the NCT of Delhi. Mr. Mittal holds a degree in Mechanical Engineering from Manipal University, India.

Mr. Kaustubh Mittal
CMD

MESSAGE FROM THE CMD'S DESK

As I write this, the world is coming even closer together – whether it is the Trans Pacific Partnership (TPP) or the Transatlantic Trade and Investment Partnership (TTIP) or China's One Belt - One Road (OBOR) project connecting Asia with Europe or the BCIM road corridor connecting Myanmar with China via India & Bangladesh – the 21st century will be dominated by global trade deals and much closer economic integration.

With the current slowdown in the western economies, most experts believe that the 21st Century belongs to Asia. South Asia's intra regional trade is only 6% of its total trade. Hence trade & logistics in the region has a tremendous potential to grow in the future. India, with a strong demography and being one of the fastest growing major economies in the world, has also witnessed exponential growth in the Logistics sector in the recent past.

Headquartered in New Delhi, Sugam Group has the strategic advantage of having developed over the past 6 decades an unparalleled logistics infrastructure across the Indian subcontinent enabling consumers & businesses to reach even the most remote areas of the region.

The next logical step for us would be to go global. Over the past few years we have expanded our supply chain services from the existing transportation & warehousing services to include international purchasing & trading and multi-modal door-to-door express cargo services (parcels & container shipments) across the world via air and sea. This has enabled us to establish Sugam as an end-to-end single window supply chain solution provider to our global clients.

Our pursuit of excellence in all our services, strict adherence to our moral code and continuous investment in people as well as in technology has ensured consistent year-on-year double-digit growth for us over the past decade.

With our foray in door-to-door express cargo logistics, courier services as well as e-commerce logistics, we are looking to take the group to even greater heights.

I thank you once again for choosing us as your preferred partner over the years!

Kaustubh Mittal
CMD

VISION

To improve the quality of lives of our employees, clients, vendors, shareholders and of the society at large by being recognized with impeccable reputation for trust, integrity, transparency & honesty.

MISSION

- *To enhance the health and welfare of our employees.*
- *To be recognized as one of the best companies to work for by providing a transparent work environment and equal growth opportunities.*
- *To attract, develop and retain the best talent and to invest in upgrading their skills through a combination of on & off ground training.*
- *To be recognized as the most trusted Logistics Company in the SAARC region by providing time bound & cost effective single window logistics solutions by continuously enhancing and expanding our 3PL services.*
- *To adopt continuous innovation in technology and IT infrastructure.*
- *To make all group companies 'paperless' and 'cashless'.*
- *To improve the lives of the under-privileged members of the society by organized and effective CSR measures and to work with all stakeholders to protect the environment.*

ABOUT US

*Across the world,
we deliver trust...*

Airway

Railway

Road

Sea

Door-Door

.....

Sugam (literally translated as “Easy to reach”) has origins as one of the first transportation companies that came into existence in the Indian Subcontinent in the 1950’s when shipments were delivered via a combination of boats, ropeways, steam rails & trucks. Since then, Sugam has evolved into a multinational group with over 200 offices

and 1000 people giving single window multi-modal logistics solutions across the world via road, railways, seaways & air. The Sugam family prides itself on its ethics and value systems and is committed to adopt the best corporate governance practices. Sugam is also actively involved in CSR activities such as in education, health care, disaster relief etc.

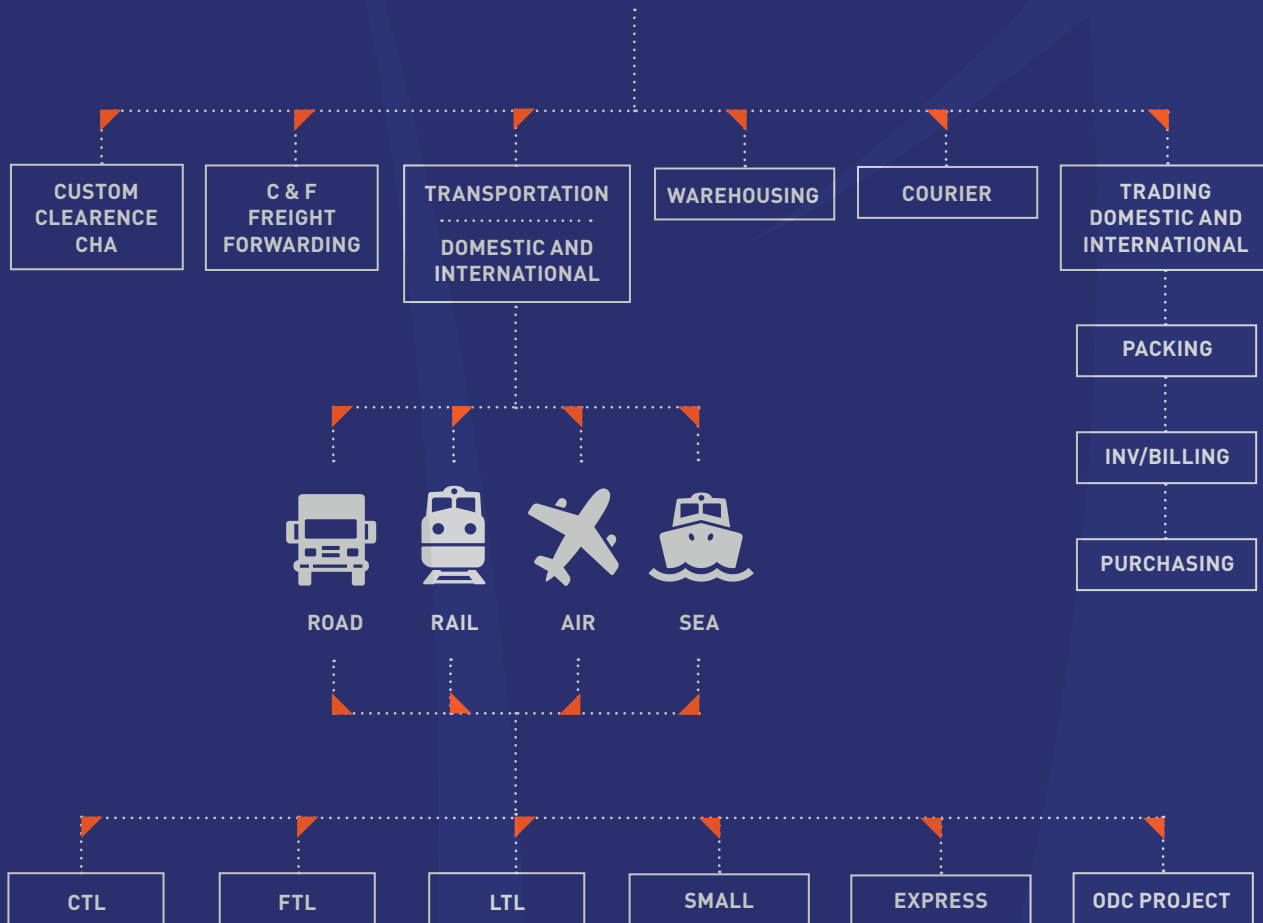

STRENGTHS

- **200 offices** across South Asia connected through ERP systems.
- Presence in **32 out of the 36 states** & union territories in India.
- Team of **1000+ people**.
- **1 million sqft** of managed warehousing space.
- Dedicated fleet of **500+ GPS enabled vehicles**.
- Specialization in customs & regulatory clearance.
- Web based tracking of shipment and export documents.
- Delivering **15 million+ packages** annually.
- GST ready and cashless transactions across the board.
- IBA Approved

MAJOR PROJECTS

Since decades our success lies in the diversity of projects...

Over the past few decades, we have successfully executed major infrastructure projects for both Government & private organizations involving multi-modal transportation, custom clearance and warehousing to remote locations across India, Nepal, Bhutan and Bangladesh.

Some of the crucial projects handled by us are as below:

Major Projects handled:

- TELECOM : Telecom towers, optic fibres & other equipments for Nepal Telecom, NCELL, Bhutan Telecom, Siemens, Aster Telecom etc.
- THERMAL & HYDROPOWER : Construction materials and heavy duty equipments for Larsen & Toubro, Jaguar Overseas, Nepal Electricity & Hydropower Authority, Bhutan Electricity & Hydropower Authority, Crompton Greaves, Areva etc.
- AIRPORTS : Construction material & equipments for Pakyong Airport, Sikkim – one of the highest airports in India.

DISASTER RELIEF

In the aftermath of the **Nepal Earthquake in 2015**, Sugam took upon village rehabilitation projects & provided emergency supply of essential relief items such as clothes, food, medicines, shelter equipments to the remotest areas of Nepal.

“ This pro-bono initiative executed in consonance with the Government of India & Nepal and the Nepalese Army exemplifies the commitment towards our vision and mission of serving not only our clients but also the society at large, especially in times of crises.”

Key: — Air Routes — Road Routes

MAJOR ROUTES

BHUTAN

Key: — Air Routes — Road Routes

 Strategic tie-up with Bhutan Post (Postal agency of Govt. of Bhutan) for distribution/transportation of shipments across all pin codes in Bhutan.

MAJOR ROUTES

BANGLADESH

Key: — Air Routes — Road Routes

 Dedicated vendors in Bangladesh for distribution across the entire country

CSR

CSR has been an integral part of both our vision and mission statements as we have always been conscious of our responsibility towards the society.

1. Education

Development of primary & secondary education, especially for young boys & girls. Promotion of ancient Hindu Puranic & Vedic studies.

4. Underprivileged Society Upliftment

Monetary & non-monetary support to the deprived, caring & upliftment of people with various disabilities.

2. Health Care

Contributing towards eradication of epidemics and providing health care for women and children.

5. Environment

Contributing towards forest conservations and tree plantations. Maintaining strict green standards for our fleet of vehicles, promotion of recycling in offices and moving to make all group companies 'paperless'.

3. Skill Development

Contributing towards developing arts & crafts amongst other skills towards rural women to strengthen their communities.

6. Disaster Relief

Actively initiating & supporting village rehabilitation projects in disaster hit areas, supplying emergency relief items to areas affected by earthquake, floods and landslides.
